

# EYE PROTECTION

## EyeShield™ Style, Comfort, Distortion-free

EyeShield™ has an optical-grade lens that curves around the face to maximize protection to the front and sides of the eyes. This protective eye shield guards against infection from the splash and splatter of blood-borne pathogens and other potentially infectious materials (OPIM), including N1H1 flu and other pandemic threats.

### EyeShield™ Features

- Extremely lightweight and comfortable - weighs only 9,5 grams!
- "Wraparound" design provides both front and side eye protection
- Available in two separate components (lens and frame)
- Optical grade, fog-resistant anti-static replacement shields available in clear, UV-tinted and amber-tinted (blue-light absorbent)
- Reusable frames available in 10 stylish colors - **Pink, Blue, Purple, Red, Yellow, Light Green, Green, Dark Green, Black & White**
- Latex-free
- Fits comfortably with a surgical mask and over prescription eyewear
- Patented design
- Separately available replacement frames and lenses for maximized cost-effective replenishment
- Meets the requirements for both **OSHA** and **EEC** mandates
